

Precautions to be taken by the Total Solution Exhibition for Electronic Equipment concerning COVID-19

March 12, 2020

Japan Electronics Packaging and Circuits Association

In accordance to the guidelines set by the Japanese government, the Total Solution Exhibition for Electronic Equipment will work closely with the venue, Tokyo Big Sight, to take the necessary precautions concerning COVID-19. As this is the case, the exhibition will be held as originally planned.

--Precautionary measures to be taken concerning COVID-19 (as of March 11th) --

<Notice about the virus and necessary precautions>

- To be posted on the website
- To be included in e-mail blasts

<Cooperation with the venue (Tokyo Big Sight, etc.)>

- Advance discussions on procedures in the case of suspicion of infection
- Plan on where to place hand sanitizers and thermographic cameras

<Preparing a manual for infection control>

- How to discern infections
- How to proceed in case a suspicion of infection has been discerned

<Precautionary measures (before the event)>

- Placement of thermographic cameras
- Declaration of fever, coughs, etc.

<Precautionary measures (during the event)>

- Placement of hand sanitizers
- Placement of thermographic cameras
- Have staff members wear masks
- Ask for cooperation to help prevent spreading the virus (washing of hands, taking care when coughing or sneezing)
- Frequent ventilation of the venue

The latest information will be placed on the official website:
