Cancellation of The Total Solution Exhibition for Electronic Equipment 2021

Thank you for your continuous support and cooperation.

We have been making preparations for the exhibition while hoping that the novel coronavirus situation will be resolved soon.

However, as the fourth wave of novel coronavirus is spreading and clusters of variant viruses with stronger susceptibility are occurring one after another. After careful deliberation by the Exhibition Steering Committee on April 15th, we have decided not to hold the exhibition in May in order to ensure the safety of the visitors, exhibitors and all those concerned with the preparation and running of the exhibition.

Alternative date for The Total Solution Exhibition for Electronic Equipment 2021 is temporarily set for 8th September (Wed.) to 10th (Fri.) at Pacifico Yokohama.

Detailed information will be provided on the exhibition website, etc.

We sincerely regret that this result has been achieved and we apologize for any inconvenience this may cause to exhibitors, visitors, and related parties.

We would like to ask for your kind understanding in this matter.

Haruhiko Yamamoto

Chairman, Exhibition Organizing Steering Committee
